

SolarRain gives you 4 reasons why

You're going to love this water!

1 SolarRain tastes great! It's smooth and silky, and is **ocean sourced** so it doesn't take away from the diminishing freshwater or municipal resources.

2 It's **made locally** for absolute freshness! Being native to San Diego, SolarRain supports the local community and helps reduce the carbon footprint.

trace pharmaceuticals free • hormone free • chlorine free •
MTBE free • fluoride free • bisphenol A free • chromium 6 free

3 By using **solar thermal energy** (a clean & renewable energy) to purify its water, SolarRain reduces emissions of CO₂ into our atmosphere.

4 SolarRain comes in a **biodegradable bottle**, an innovation that considers lifestyle and the future wellness of our environment. And it's BPA free!
